

Early Years Focus Math Programme

Developing early numeracy skills through fun and interactive activities that lay the groundwork for mathematical understanding!

Our Early Math Programme is designed to instil a strong foundation in understanding numbers, setting the stage for future excellence in mathematics. Through fun, hands-on activities and engaging games, children develop essential numeracy skills in a playful and supportive environment. From counting and sorting to basic addition and subtraction, our programme nurtures a love for maths and builds the confidence needed for lifelong success in the subject. Join us at Belinay Nursery, where we turn early math experiences into a joyful journey of discovery and achievement.
