

Islamic Studies Programme

Our Islamic Studies Programme at Belinay Nursery is designed to nurture spiritual growth and cultural awareness in a warm, welcoming and inclusive environment.

Through age- appropriate stories, songs, and activities, children learn about Islamic values, traditions, and principles in a way that is engaging and meaningful. We emphasize kindness, respect, and community, helping children to develop a strong moral compass and a deep sense of identity. Join us at Belinay Nursery, where we celebrate and embrace the rich heritage of Islamic teachings, making a child's educational journey truly special.
